

# JESMA M. AMIT

Imus, Cavite, Philippines | +639763692053 | [jezmmmit@gmail.com](mailto:jezmmmit@gmail.com) | [LinkedIn](#) | [Portfolio](#)

## SUMMARY

CompTIA Security+ and Microsoft AZ-900 certified Electronics Engineering student with hands-on experience in network operations, incident response, and threat detection. Specialized in Advanced Internet Protocol Networking. Strong foundation in cybersecurity, cloud computing, and network security. Passionate about blue team operations, SOC analysis, and threat detection.

## WORK EXPERIENCE

### PLDT Global Corporation

June 2025 – July 2025

#### Global Network Planning & Engineering

Internship

- Validated and maintained circuit and port inventory logs, ensure accurate network provisioning across global PoPs.
- Supported documentation and tracking of GSO, SRF, and ISO activities to align with ISO 9001 compliance standards.
- Collaborated with NOC engineers to map circuit flows, update logs, and support network visibility for infrastructure monitoring initiatives.

### FiveM Gaming Community

Aug 2024 – Feb 2025

#### Anti-Cheat Moderator

Freelance

- Monitored live player activity and conducted real-time investigations into cheating, scripting, and exploiting behaviors across FiveM PH servers.
- Analyzed game server logs and anti-cheat system outputs to detect anomalies, false positives, and security incidents.
- Applied basic threat hunting techniques and contributed to player incident response workflows, reporting findings to server admins.

## EDUCATION

### Mapúa University

Aug 2021 - Present

#### Bachelor of Science in Electronics Engineering.

Specialized in Advanced Internet Protocol Networking

- B77 Board Auditor / B76 Treasurer** – Institute of Electronics Engineers of the Philippines
- Awarded **Best Presenter** and **Best Poster** at the 56th EECE Thesis Colloquium.
- Expected Graduation: October 2025

## CERTIFICATIONS

CompTIA Security +

Completed 2025

Microsoft Azure Fundamentals AZ-900

Completed 2025

TOEIC - L&R: 885 | S&W: 310 | Level: B2

Completed 2025

Google Cybersecurity

Completed 2025

CCNP Enterprise Core Networking

Completed 2024

CCNA Enterprise Networking, Security, and Automation

Completed 2023

## SKILLS & INTERESTS

**Technical:** SIEM, Wireshark, Firewall, EDR, XDR, Linux CLI, IP subnetting, SNMP, Packet Tracer, Python, SQL, Lua, TypeScript, HTML Microsoft Office, Google Suite

**Language:** Filipino, English

**Skills:** Problem-solving and critical thinking, Adaptability, Attention to Detail

**Interests:** Blue Team Operations, Threat Hunting, SOC Analysis, Automation, Network Security, Cloud Computing, Automation & Cybersecurity
